MIP ASHI is an element of the MIP self-insured health insurance scheme operated by the United Nations

MIP ASHI provides coverage at designated duty stations to two categories of personnel

- Eligible former staff members
- Eligible family members

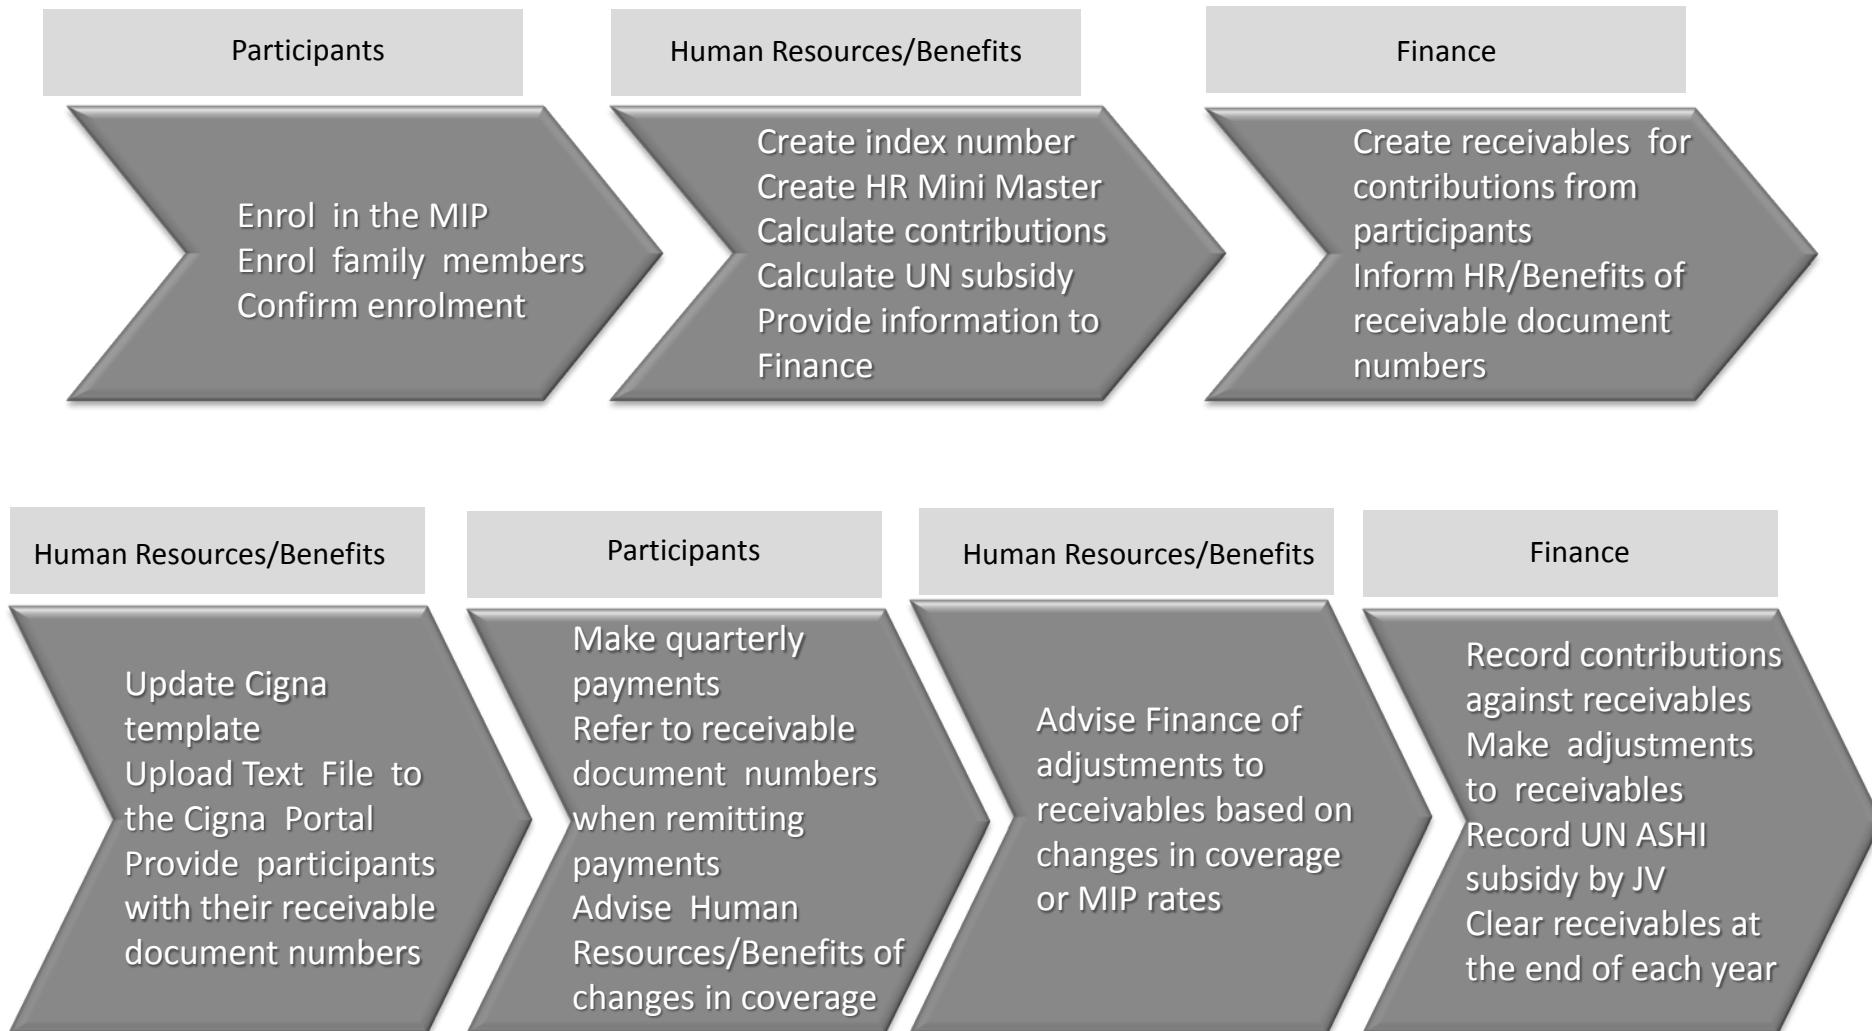

Key Terminology: General Terms

| Key Term | Description |
|--------------------|---|
| Umoja ECC | The main Umoja back-end system comprising of various modules. ECC stands for Enterprise Central Component . |
| Umoja ESS | Stands for Employee Self-Service . Self-service is the front end tool used to provide access to end-users that need role and process based access to the system. Self-service technology is web-based, allowing a large number of users to access the system without the installation or technology requirements to support the client software used by power and super users in the system. |
| Master Data | This term refers to data which is stored and managed centrally for the entire organization which is key to the business and used over several functional areas. Recording eligible family members in Infotype 21 is an example of master data for Human Resources. |

Key Terminology: General Terms

| Key Term | Description |
|---|---|
| Benefits Administration | <p>The Umoja Benefits module enables us to enroll Staff members in benefit plans, terminate enrollment, monitor continuing eligibility for plans, view information about current benefit enrollments, review benefit reports, print enrollment and confirmation</p> |
| Employee Group & Employee Subgroup | <p>Umoja will use the Employee Group to identify at a high level, the main type of relationship a person has with the organization, especially as the relationship with the organization changes. For example, a UN Police non-staff member is hired to become a Professional staff member, his Employee Group would change.</p> <p>Employee Subgroup will further breakdown and identify, within the Employee Group, the different types of relationship and/or status of employment a person has in the organization.</p> |
| Enterprise Roles | <p>Human Resources/Benefits personnel involved in this process must be mapped to the following enterprise roles:</p> <p>BN.03 : Benefits Insurance Administrator LS</p> <p>PA.01 : HR Partner All</p> |
